

25 February 2011

To Whom It May Concern:

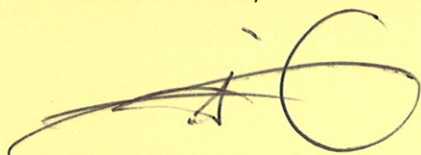

**Microsoft Dynamics Great Plains – I-Net Dynamics Pte Ltd**

In Year 2009, Royal Plaza on Scotts engaged I-Net Dynamics Pte Ltd to provide annual support maintenance and successfully implemented Bank Giro for Microsoft Dynamics Great Plains Accounting System.

We are happy with the services rendered by the consultant and confident of the implementation team. Thus in Year 2010, we renew the maintenance contract, upgrade the version to Great Plains 2010, implemented Analytical Accounting, Procurement and Financial Reporting.

The implementation team of I-Net Dynamics Pte Ltd has been consistently very helpful. They are knowledgeable of the solutions provided. Their services rendered have been prompt and consistent.

Yours Faithfully

Ian Ang

Director of Finance and Business Support
