25th Oct 2010

To whom it may concern,

IT Services – I-Net Dynamics Pte Ltd

I-Net Dynamics have been our outsourced IT vendor since 1st Nov 2009. They have done a good job in maintaining our IT infrastructure and took pride in performing their tasks during the period of service with us. With the flexible-outsourcing plan provided, I-Net Dynamics has indeed helped our club to recruit suitable IT staff and save cost.

We are satisfied by the quality of their work, their quick response to rectify IT problems and the professional attitude displayed by their systems engineers. We would recommend them to anyone looking for a Managed Service Provider.

Yours Sincerely,

LTC (RET) Tan Lye Soon
General Manager
